Dear Friends:

As County Supervisor for the First District, it is my great pleasure to congratulate the South Bay Alliance on its 7th Annual South Bay Pride and Music Festival on Saturday, August 21, 2010.

For seven years, South County's vibrant LGBT community has been promoting equal rights locally through its South Bay Pride and Music Festival. The festival brings together thousands of Lesbian, Gay, Bisexual, and Transgender individuals, friends and allies in a celebration of diversity in the South County.

The organization's goal of promoting a community that is inclusive and supportive of equal civil and human rights for all is one all San Diegans should strive for in our rich, diverse community.

I wish you the greatest success as you move toward a brighter future filled with success and opportunity for all.

Best Wishes,

GREG COX

Supervisor, First District
